

Notes on IBT discussion 17/12/84

Question on what certificate it would get.  
Censorship. - 16 p.g.

Massacre of the Women.

---

Too little background of history of Lebanon to be clear to a British Audience. Some textre. dates etc. before screening of film would be useful.

Henry said the film is partisan in that it is anti-seviet and anti-war.

---

IBT wants screenings early June.

Fast Forward next issue February. Copy Date Jan. 4th.

Henry suggested another screening.

Next meeting after pack has been planned:  
consultative meeting with groups with specialist knowledge.
