29.9.84

Dear Cristina,

Sincere Apologies for the delay in sending this remittance. It is the Channel 4 payment of £2,166.67, which we have now received in full, but which has not yet been transmitted. Channel 4 is very behind with transmissions at the moment, having taken too much on during its early months. However, we will let you know when it is transmitted, and let you have any reviews, etc.

I must apologise for not replying to your letter sooner. I did not receive a letter in February, to which you refer, but I did receive one dated 14.6.84. The reason I did not answer before, was that I was trying to sort the money out with Channel 4, but nonetheless, I should have written and let you know what was happening.

Royalties will be following very shortly, as we are at the moment in the process of working them out.

I hope your work is going well, and that the money comes in useful

Kindest regards,

Eileen McNulty
