c.c. Mary Barlow

Please find attached the agreement between the Arts Council and the Arnolfini concerning the deposit of Arts Council films on video cassette in the Video Access Library. As you will see, there will be some revenue accruing from the video tapes. I think we should have a new income code for revenue from Video Access Libraries so that we can keep a record of performance. Perhaps we can discuss the questions arising from this suggestion. The other Access Libraries are at the I.C.A., Midland Group and Tyneside Film Theatre.
