Dear Film-maker,

CIRCLES and COW have now entered into a joint consultancy on the positive expansion of Women's Distribution in the UK and have designated September to collate material, proposals and feedback from Users and Film-makers in order to develop a new working body which will see us into the future.

In this Consultancy we are seeking to update, expand and improve all existing services and resources, to look at alternative sources of funding, discuss Catalogue emphasis and the acquisition of much new material. We hope to forge stronger links with the Education and Commercial sectors and to incorporate our users more fully into the operations of the newly-emerging company.

We are currently preparing a questionnaire on the present services we offer and many future proposals - this is to be sent to a cross-section of our users and Film-makers: We are particularly interested in any feedback from our Film-makers on the present system and any ideas you may have for the future. If you would like a questionnaire please tick box below and send any comments on the issue to us as soon as possible.

Thank you for your co-operation and we look forward to hearing from you shortly.

Yours Sincerely

*Sophia Chauchard-Stuart*
