Dear Cow Films -

Thanks for the check. I'm glad the film is doing as well as it seems. The flyer looks great, too.

Hope things are well with you all. The school year has just ended for me and I'm off to spend 5 weeks in Hawaii with my mother and sister.

The university I teach at has a strong women's group in the film department which is organizing a conference in the fall on Feminist Film Theory. It is very exciting since nothing like this has happened in the States before.

I only hope it doesn't turn into a split like at Edinburgh.

Will keep in touch -

Best - Michelle
