Dear Sir/Madam

Neighbourhood Grants Funding 1990/1991

I refer to the application made on behalf of your organisation for grant funding in 1990/1991.

This application, together with all other applications received, was reported to the Neighbourhood Committee on 11 April 1990 following initial consideration by Community Development and other appropriate Officers. The decision of the Committee was that no funding can be awarded to you in the current financial year. You will appreciate the pressure on the limited resources available to the Neighbourhoods and the need to prioritise applications on agreed criteria. If, however, you wish to appeal against this decision you may be given the opportunity to do so to a future meeting of the Neighbourhood Committee.

Yours faithfully

K Nowlan
Community Development Officer
