14th September

Dear Dave

re: NEW WAVE WOMEN TOUR

This is just a brief note to let you know how the bookings for the tour have progressed since we last spoke.

There have been three confirmed bookings at:

- i The Watershed, Bristol
- ii The Electric Cinema, Notting Hill
- iii The Watermans Arts Centre, Brentford.

In addition we have had positive verbal responses from:

- i The Rio Cinema Hackney →
- ii Nottingham Media Centre →
- iii BIRMINGHAM →

We are in the process of doing another mail shot to all the education officers as we have been advised that they may be more forthcoming than the programmers, although I have to say that this is the last work we shall do in order to secure further bookings.

In the main the programmers that we have spoken to have expressed an interest in the package, however, BFI's new initiatives to make the RFT's largely self financing and the general trend for even Arts Cinemas to book more mainstream products has made our task that much harder.

I realise of course that the deadline of the beginning of September that you mentioned in you last letter has passed. Please can you let us know whether it is possible to release even a proportion of the money or if you consider the matter closed. I look forward to hearing from you.

Best Wishes

Kate Norrish
