

ARTS COUNCIL: INTERNAL MEMO

To Graham Marchant
From Rodney Wilson
Date October 11th, 1988.

G.B. Touring : Film and Video Umbrella

It is my understanding that the funds made available to the Film and Video Umbrella for the employment of the gallery touring video exhibition organiser and a programme of exhibitions was intended to continue for a period of three years 1988-9 - 1990-91.

The project will be reviewed ^{with} ~~until~~ the possibility of further funding after 90/91.

I would be grateful if you could confirm these two points.

Rodney -

Council has only approved funds for 1st year. I have warned them (last meeting) that funds are needed for some projects for years 2 and 3. I will include F&VU in paper recommending funding for those 2 years which goes to Worcester Council.

Your second point I can confirm only in the context set above.

Graham
